

INNOVATIVE

**VEGGIE
MEATBALLS**

- » Perfect meat replacement option.
- » Meatless - Vegetarian
- » Extremely versatile as an appetizer, snack, side or entrée.
- » Eggplant creates a great taste, a meat-like texture and a moist bite profile.
- » It's more than just a Veggie Meatball. Most consumers purchase meatballs with the intention of adding it to a recipe or creating something with it. This means a higher register ring. Cheese, noodles, sauce, spices and even salad and bread are typically added to the consumer's shopping cart (making the potential total purchase about \$25).
